

## Service Project Opportunity

### Scarecrow Storybook Village

Clark Garden's is a non-profit 35 acre botanical garden in Weatherford, TX open to the public. This fall we are creating a magical, colorful Scarecrow Storybook Village that will delight and inspire our visitors as they stroll through the gardens rich with fall color.

Each scarecrow will have a different classic storybook theme such as Little Red Riding Hood. This display might have a little girl with a basket and a red hooded cape and a wolf as pictured in the image below.

**Due Date:** September 15<sup>th</sup>, 2014

**Materials:** provided by each group

Scarecrow forms are provided by the Garden

**Place:** Scarecrows can be created on-site at Clark Gardens or off-site; whatever is more feasible for your group

**Theme:** to be selected by each group from a list provided by the garden.
